CHARLOTTESVILLE CENTER

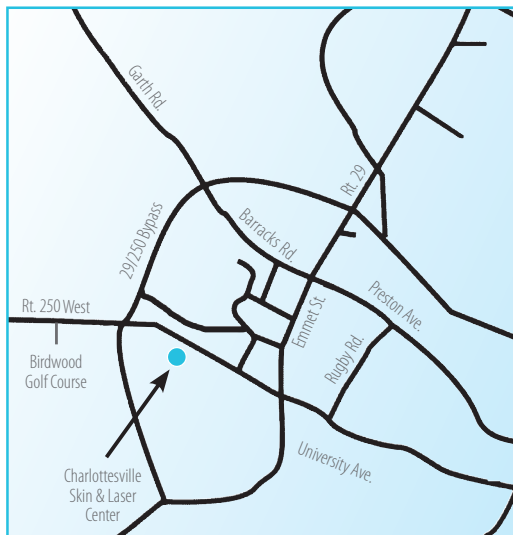

At the Charlottesville Skin and Laser Center we are focused exclusively on client care. Specializing in laser hair removal for all skin types, Charlottesville Skin and Laser uses state of the art lasers and offers the latest anti-aging techniques. Charlottesville Skin and Laser also offers the area's only laser tattoo removal.

SkinCeuticals

In an effort to maintain and improve the overall health and appearance of your skin, we use and carry the full line of SkinCeuticals—the only skincare product line backed by science. To be effective, your at home regime must contain three fundamental elements—prevention, protection and correction. SkinCeuticals product philosophy and educational programs are built around these principals.

This advanced line of skincare products is designed to correct previous damage, prevent future damage and protect healthy skin.

MICRODERMABRASION

This treatment safely exfoliates the skin without chemicals. It can help minimize the appearance of fine lines, congested pores, and dull, lifeless sun-damaged skin. Optimal results achieved after a series of six treatments a maximum of 14 days apart. After the initial series, treatment is recommended every six to eight weeks to maintain the results achieved.

\$125 per treatment • \$600 for a package of six treatments

MICROPEEL

This treatment uses glycolic acid, derived from sugar cane, to accelerate the removal of dry, dull outer layers of skin. Dead cells are removed while stimulating the growth of new cells. Deeply cleans and unclogs pores, while reducing fine lines and wrinkles. Strength of Micropeel varies by skin type. Optimal results achieved after a series of six treatments a maximum of 14 days apart. After the initial series, treatment is recommended every six to eight weeks to maintain the results achieved.

\$75 per treatment • \$375 for a package of six treatments

For further exfoliation of difficult/troublesome areas add light Microdermabrasion for \$35.

PIGMENT PEEL

This is a unique, customizable chemical peel which targets hyperpigmentation. A series of six treatments is recommended to dramatically improve the uneven appearance of photodamaged, mottled skin. Use of products to maintain long lasting results is recommended.

\$100 per treatment

CUSTOM MEDICAL GRADE FACIAL

This treatment is designed to help your skin look and feel its best. One treatment relieves pores of congestion and rehydrates the skin.

Starts at \$75 per treatment

DEEP-PORE CLEANSING FACIAL

This treatment promotes clarity and shrinks pore size all while providing the skin with necessary hydration.

\$90 per treatment

GENTLEMAN'S FACIAL

This treatment is customized for his special skin care needs including the prevention of ingrown hairs and razor burn.

\$80 per treatment

MINI-FACIAL

This 30 minute treatment includes cleaning, exfoliation, masque and moisturizers.

\$50 per treatment

SKIN CARE ANALYSIS

A thorough skin analysis is performed by our experienced aestheticians using skin scope technology. Based on your needs, our aestheticians can customize a skin care program for you.

\$25

LASH & BROW TINTING

A safe way to add pigment to your lashes and brows. Perfect for special occasions.

\$20 lashes • \$15 brows

WAXING

A temporary hair removal method using the highest quality wax, safe for even sensitive skin. *Cost varies based on area treated.*

laser

HAIR REMOVAL FOR ALL SKIN TYPES

A safe and effective way to permanently reduce unwanted hair. A series of regularly scheduled treatments is necessary for optimal results. *Time and cost varies based on area treated.*

TATTOO REMOVAL

Significantly lighten or remove tattoos of any color on any area of the body with a very low risk of scarring. Multiple treatments required. *Cost varies based on size of tattoo.*

REMOVAL OF SUN SPOTS, AGE SPOTS AND PIGMENTED CONDITIONS

Diminish brown spots on the face, neck, hands, arms and legs using a laser, intense pulsed light, or combination treatments. *Cost varies.*

FACIAL VEIN REMOVAL

Small prominent facial veins may be reduced in color or permanently removed. *Cost varies.*

OTHER VASCULAR TREATMENTS

Rosacea, red scars, birthmarks, stretchmarks and other unwanted vascular skin conditions can be treated using lasers and intense pulsed light. *Cost varies.*

SKIN REJUVENATION TREATMENTS

Intense pulsed light is a non-invasive way to restore a youthful look. A series of treatments can reduce the appearance of Rosacea, freckles, wrinkles, broken capillaries, blotchy skin, redness, enlarged pore size, or uneven pigmentation. *Cost varies.*
